

Customer: Milne Feeds Ltd.
Location: Perth, Western Australia
Product: Urea
Date of installation: January 1999

Requirements:

The customer needed a truck loading conveyor to carry urea from its bulk storage sheds. The conveyor had to:

- be able to be fed by a front end loader
- be enclosed to provide weather protection and
- incorporate a weighing system.

Solution:

Aerobelt Australia satisfied these requirements by providing a transportable conveyor with top covers and an impact weigher fitted in the discharge end.

Technical information:

No. of conveyors: 1
